Very Dirty Stories

We wanted to share our favorite sex stories. The ones that broke out of the conventional erotica mold, shattered the limitations of casual romance and sex, and dove into detailed and realistic action involving stretching, large sex toy play, vaginal and anal fisting, domination, fantasy monster and animal dildo play, restraints and suspension, elaborate medical and DIY devices, and more. We did it bit by bit, discovering and learning as we went, and released volume after volume of two to five short stories to challenge readers to be sexually aroused by something truly intense or charmingly subtle. Very Dirty Stories volumes are about ladies that expose themselves and embrace their fears and desires as well as the men and women that inspire them to sexual peaks while living out wild sexual fantasies.

[Journal of the Wulf](#) - It was the single greatest gift that her father passed down to her. His exploration of the world - the familiar and the unexpected - as well as notes on the various entities that he encountered was intended to provide her with a guide and protection. Safeguarded by Andrea and Alexi until she was old enough to face the eldritch horrors that her father stumbled across and mature enough to understand the perversions of his experiences in context, these journal stories are fragments of Tom and Ronin's mistakes, experiments, and exploration of faith. The wulf never understood humanity, so he wrote down everything that might give his family a chance to survive amongst the primates and their passions.

Singles

We wanted to publish sexual adventures that were more than a one night stand. So we gathered together our favorite ladies and delightfully sexy themes and created Singles - longer collections of sexual stories that fit together to cover formative physical and psychological experiences that define her womanhood or establish a collection of deviant delights and

sexual alternatives. These trailblazing erotica books go deeper, harder, faster, and expose the soft white underbelly of sensual need while delivering thrust after thrust of sexual intensity and the soothing pleasures of passionate affection. Explore the explicit erogenous zones of women and their sexual partners. Be prepared for sexually challenging situations as well as character details that get beyond height, weight, hair colour, and favorite size of dildo. Plunge into their stories and get wet. Singles also make great gifts for that secret someone who needs a sexual swift kick in the nuts or a perverse surprise stashed for long trips and evenings in.

[Cherish Desire Singles: "Adventures with Alice \(The Complete Ten Part Series\)"](#)

Alice laughs while taunting her delightful lady friends and teasing Ronin's massive dildo desires. With one fist, or two, her sexy moans coax her listeners to new climaxes... and she gets off, too! While she prefers to be called "Mistress Alice," amongst her girlfriends and new conquests, it's all about giggles and smooshing boobies for delightful, intimate fun. Her allegiance with Ronin makes more sense when you hear his side of the story, but she adores him no matter what he thinks.

Divinations

Cherish Desire Divinations erotica delves into darkness. Lusty shapeshifters, impassioned spirits, dangerous players, and perverse pagan deities beckon with sordid promises and unseemly urges. Their intense passions expose their bestial and heavenly natures while emphasizing how closely they represent unfettered hunger, cunning, love, and wickedness. Divinations was born of fevered imaginations and sexual abandonment that left us aching, bruised, and hoping for more. Divination books are collections of erotic stories that go deep and explore psycho-sexuality as well as physical modifications suited to the nearly immortal. The limited disguise of humanity has been stripped away, and the results are animalistic sexual rituals and self-enlightened spirituality that arouse jaded desires for more.

Cherish Desire apologizes in advance for exposing the true nature of shapeshifters and the transcendent hungers that lurk behind every door and under every bed.

[Cherish Desire Divinations: "The Lioness \(The Complete Four Part Series\) featuring Heather"](#)

Discover the hidden war between the shapeshifters as they seek shelter from threats that they can feel looming closer each day. Erik knows he's different. He knows that he can see

through the outward display of his London lioness' casual sexuality. What he doesn't know is where he can hide. Winter Solstice is coming and his own kind are hunting for him. This time he hopes to escape with his lioness and rekindle a romance with a fiery fox in Hamburg. It all goes sideways when he's attacked. Violently interrupting his holidays, the bears have made a mistake that they will regret. And his sexy lioness and his fire elemental ally will make all the difference after uniting through their sexual hungers and sharing their strength with the lone bear. Adler and Ilsa's Hamburg stronghold will never be the same.

Very Wicked Dirty Stories

The darkness of desires are shadows always encircling the hope of fulfillment and pleasure. These are the twisted realities fueled by the uninhibited passions and beliefs of the few. Their sexual urges, their powerful alliances, and their willingness to defend their own as well as to strike out and forcefully embrace what they require. [Very Wicked Dirty Stories](#) hint at the unobserved and strange frayed edges of reality that we like to censor or ignore. Ghosts, shapeshifters, and great powers linger just beyond the firelight while watching humanity sleep.

Accompanying the passionate chorus like candle flames flickering along the aisles, Cherish Desire [Very Wicked Dirty Stories](#) expose souls that haunt the divine and the fallen. There's much more than meets the eye as monstrous desires and vast lineages collide in a constant struggle to change the world. Get a glimpse into the lives and passions of the shadows that writhe and beckon for true fulfillment and satisfaction.

[Very Wicked Dirty Stories #133](#) - Stories of the wulf - a man not to be taken lightly even by those descended from lineages of power like Victoria or accustomed to brokering corporate espionage.

[Very Wicked Dirty Stories #139](#) - Stories of the wulf and the lioness - the hunters do best hunting though they sometimes catch the unexpected, like Victoria, or the unprepared.

[Very Wicked Dirty Stories #141](#) - Stories of the wulf, the lioness, the ravens, and the bears - passion and destruction are unavoidable when their purposes seek both mundane pleasures and their place in the world.

[Very Wicked Dirty Stories #147](#) - Stories of the wulf, the lioness, and the ravens - the pursuit of fulfillment is just as real but takes on awesome consequences when there are no limits.

[Very Wicked Dirty Stories #165](#) - Stories of the wulf, damnation, and faith - the truth hides in the cracks within the borders of safe, sane, and consensual reality.

[Very Wicked Dirty Stories #169](#) - Stories of the wulf and wulf hearts - the alien urges of otherworldly desires are temptations for the wulf, but a wulf has matters of the heart and mind to take care of for his precious chosen ones.

[Very Wicked Dirty Stories #175](#) - Stories of the hunt for prey - inspired by hungers that are never satisfied, the lioness, raven, and vampress all have one thing in common: the need to feed their passions.

Free erotica story from [Very Dirty Stories #161](#).

Return to [Table of Contents](#)

With her knees drawn back to her chest, her tattoos and the pale skin of her pussy on display, his improbable lady whispered, "So you want to see my progress so far?" Her voice hummed with eager lust, and her abdomen moved with her soft laughter as she hefted her heavy ridged Bad Dragon dildo into place. The massive shaft required both her hands to steady it, and the entire length didn't fit within the focus of the camera lens. "I've been working all afternoon to show you this," she murmured with a sultry sigh. "Fucking my poor pussy over and over again is such hard work."

By keeping her little digital camera zoomed in close to what mattered, she covered up her soreness and the way her legs kicked as the smooth head pressed into the swollen folds of her labia. The initial flaring ridge of the glans was swallowed by her pink opening, and the next segment of the Nova began pressing into her sex. This is what she wanted him to see. Her pussy being stretched, spread, and filled. The large sex toy he had given her being put to good use. The smooth transition from the soft red tip into the dark blue shaft flowed into her pussy while her arms moved to thrust the silicon toy deeper. It wasn't the only Bad Dragon toy, of course. He had an eager hunger for women masturbating with dildos, household objects, and more intimate items - like fists. This video was a special treat to pay him back for how he had spoiled her and done his best to be patient. How he had given into her desires for smaller toys

that she could ride and pleasure herself with every time she had a sexy urge. How he had accepted that it would take long months for her to ever handle the big dildos that they had both lusted after but which proved too much for her tiny pussy.

This wasn't the first thing she had shared with him, but it was the most significant. There were promises - made to him and made to herself - and this video put those in context. The camera was positioned on a tripod at the end of her bed so he could see her face. The lens was focused directly on her pelvis, but, to the side of the articulated fantasy cock that she was pushing into her pussy, he would be able to read her expression while she was propped up on her sky blue pillows and her dyed red hair stuck to her forehead as she worked up a sweat. The sweet Sparky stuffed animal that he'd given her for Winter Solstice was beside her shoulder and rocked with the motion of her mattress. Lips pressed together, pink tip of her tongue occasionally darting out to scavenge for moisture, she wanted him to understand how willing she was to go even further than he expected. She wanted him to see her intense dedication and pleasure. She wanted to prove to him that his reduced expectations could be raised.

Kissing the words to him as she felt the dildo's thickening shaft muscling aside her soft lips, she whispered, "You've wanted to see this for so long..." Her eyes were squeezed shut and her thighs trembled on the edges of the frame. "It goes... deeper... every night." She wanted him to understand. This was not a one time event. "And my Crackers and Nox are even bigger..." She needed him to know that she was looking forward to more and not just settling for the textured delights of the ridged Nova. With two-thirds of the shaft pressed into her sex, she held the base in place with a firm grip and began rocking the big dildo from side to side. "So I have to keep stretching..."

The head of the sex toy was deep under her navel, and every motion of the shaft was tugging and stroking her inner walls. Gasping whenever the silicon brushed into a sore spot and moaning as her pussy clenched down and tried to milk the big unnatural cock, she tried hard

to stay in place despite the urge to writhe and twist. The tape on her duvet marked where she had to keep her hips so he could see what she wanted to show him, but her orgasm didn't care. Arching her back and squeezing her thighs together around the massive dark blue base, she uttered a string of curses and prayers to fantastic gods and goddesses while her body tried to thrust upward into the cock within her sex.

As fast as a summer squall, her orgasm dissipated and left her wet and aching. His improbable lady sunk into her bed and tried to adjust her position while her numb fingers grasped the hefty dildo still wedged into her sex. Her voice was husky and weak as she murmured, "You wanted to see my progress..." Trying to go slowly but lacking the fine motor control and strength to manage the heavy sex toy, she half pulled and half dropped the textured shaft while removing it from her pussy.

The camera was slightly off center so her light panting could be seen in the rapid rise and fall of her belly and chest. Her breasts were still shuddering from minor aftershocks. Her skin glowed with perspiration. But what she wanted him to focus on was still clearly visible. The soft furls of her labia edged her open sex, the pale skin rosy and pink on the outer edges and then a deeper bright red within. Her muscles were already squeezing her sex closed, pushing the pulsating velvet walls together, but the uneven ring of her opening was still spread apart. She let the Nova drop from her hands and it struck the floor with a thud as her pale fingers caressed her labia and toyed with her petite clitoris. "Eight orgasms today," she sighed as the camera captured the intimacy of how she delicately manipulated her aroused labia. "I have all weekend to keep going." Her body shook when her fingers pinched her clit and squeezed the tender nub tightly. "I'm almost taking his knot... so time to practice with my Nox and Crackers next." He could look up the measurements. She was too tired to spit out a string of numbers that seemed so abstract compared to the intense swelling and bruising within her pelvis.

Breathing slowly while still exploring the lingering tingling within her pussy with two fingers dragging over the soft folds that no longer closed over her opening, she opened her eyes and

smiled for him. It was a heady achievement, and she was utterly spent. "I told you I wasn't going to let you down." With a blown kiss, she carefully pressed three and then four fingers into her sex. "If I could comfortably bend my wrist then I'm sure this bit would already be done." Laughing with a mad grin, she got up and turned off the camera. The last words on the video clip were spoken while the camera captured blurry images of the tattoos on her abdomen. "Now if you could convince me that it wouldn't hurt so much then maybe I'd ask you to help with my bottom."
